

The Clarion

Bookfriends International, NFP

Posted October 2008

By: Peg Christiansen

We have a new designated mission for the month of October. It is

Bookfriends International, NFP

Bookfriends International, NFP is a charitable foundation that places appropriate books in the hands of eager African students.

The enlightenment that sprouts and grows from well-placed classroom books and community-library books provides hope and change. Individuals, communities and entire cultures can be positively affected by our educational materials. Monies donated will help supply these children and communities with the educational tools they need.

Visit the Bookfriends International website at www.bookfriends.org for additional information.
